

Afraid Of Making A Mistake? 

“I NEED TO BE SURE”

One Month Stay Program

Having doubts as to what is the best thing to do?

It's quite common for seniors and their families to have difficulty making a commitment to assisted living. They are probably nervous about moving away from well-known surroundings and changing everyday routines. They could be embarrassed or even feel guilty about turning many of the care responsibilities over to someone else. Or they may have doubts that they are making a sound financial decision. Many times it's the combination of all of the above. That's why we offer the *“I Need To Be Sure”* One Month Stay Program.

We want you to be certain that you have made the right decision.

It's scary to commit to a change in lifestyle when you haven't even tried it out. Our innovative program gives you the chance to experience the activities, dining, care and kindness of Le Bleu Chateau on a trial basis. For 1 month, you can:

- ★ See how we do things and why we have been voted The Best of Burbank on numerous occasions.
- ★ Sample how your everyday routine will change...and stay the same.
- ★ Encounter and address the emotional issues that are a typical part of making any lifestyle changing decision.
- ★ Socialize and dine with new friends, join in our daily activities, enjoy our special events, and test living life at the Le Bleu Chateau.

It's Like Taking A Trip.

You don't have to move any furniture, cancel any services or sell any belongings. All you have to do is pack a suitcase. We will provide the furnishings and the services for one month. For seniors who are not sure if they want to leave home, this is more like going on a one month vacation.

Le Bleu Chateau
